1. INTELSONLINE.RU - ONLINE TRADEMARKS SEARCH

Identity and availability searches, as is known, is a very important issue at many stages of an expert's work in the intellectual property area.

The agency INTELSONLINE was the first to offer the clients database containing not only the trademarks, registered in Russia, but applications filed for registration with the Russian Patent & Trademark Office

Currently, you can make use of our service for independent search: quick, precise and convenient, as never before.

INTELSONLINE.RU SERVICE IN FIGURES

- More than **12,000** searches a year;
- **2,000** clients of INTELSONLINE.RU service
- Approximately pending **350,000** trademark applications in our database
- **46156 applications** filed in **2012**, **43,729/42,665** in **2011/2010** accordingly;
- **more than 8500 applications in 2013 year** - all of them are accessible in our database right now;
- more than **23,000** - Number of **applications**, for which favorable decision on **registration** of trademark has been received, that constitutes about 55.5% of the number of applications, filed in last two years.
- We have been **operating** in the IP market for **more than 20 years**.
- The database of Russian Trademarks began to be formed in **1991** on the basis of Agency of Intellectual Property "INTELS" **founded in 1988** and initially was used by the staff for internal use.
- **2008 – Beginning of commercial use.** By the end of **2012 every fifth search in Russia** was **made using INTELSONLINE.RU** (remaining searches are done by Patent & Trademark Office of the Russian Federation)
- Our specialists have developed a **unique search algorithm** that allows to obtain the results with high accuracy, simultaneously in three search modes (identity, similarity and inclusion) that is particularly valued by our clients.

By regularly improving our system of collection and processing of information, we pay considerable attention to security of data, which users exchange with the website **INTELSONLINE.RU**, and that is why:

- Whole traffic between the user and website is encoded by 256 bit SSL key, stable to attack;
- We provide additional guarantee to our clients and with this purpose we have insured our professional liability.

The cost of one **online search** with our system is **USD50**.

Average time for making search is **3 minutes**.

WE ARE PROUD OF OUR SERVICE, BECAUSE:

- Databases are updated daily;
- Search speed - up to 5 minutes;
- Search potential for identity, similarity and inclusion;
- Company names online search
- PTO fee for the search starts from USD100 per request and lasts few weeks
- Search request can be made by verbal element, by owner name or by document number;
- Search by databases of: trademarks, pending applications, international registrations, effective within the Russia territory, and domain names in the zones .ru , .рф and .su;
- Qualified technical support at all stages of work with the service.

To become our client you have to simply register at the website **INTELSONLINE.RU**, refill balance, and then provide search on your parameters.

The balance can be refilled by any means convenient to you for example credit or debit cards, Internet currencies and invoices (for companies).

2. TRADEMARK SEARCH WITH LEGAL OPINION

- Preparing applications for registration of trademarks in Russia recently?
- Have you ever sent the request for trademarks searches to the Russian Patent Office? And you do not satisfied the terms?
- Now you are in search of partners in Russia, who can provide you qualified services in a short period?

We suggest that you consider the ready-made solution - report on search by databases of registered trademarks and pending applications, made by highly qualified patent attorneys that includes:

- **List of identical and similar trademarks;**
- Expert's **legal opinion on possibility of registering a designation as a trademark** and risks associated with it;
- Proposition about the **best way for obtaining the trademark registration** for this designation, if necessary;

On getting the search results including expert's opinion you can be sure that registration of your trademark will be successful!

Cost of services is **starting from USD250**. Execution period is starting **from 1 day**.

Write to us to order search including legal opinion: search@intelsonline.ru

3. TRADEMARK WATCHING

For attention of manufacturing companies and trademark owners!

- Have you ever wanted to know, what kind of products your competitors plan to release in the market?
- You own a costly fashionable brand and fear that someone may register a trademark similar to yours?
- Do you want to know the current status of your trademarks or marks under control?

Trademark watching service allows resolving all these tasks. The results of watching are formed by the most complete in Russia, regularly updated database of registered trademarks and applications filed for registration.

WE OFFER:

- Tracking **dangerous designations pending or registered** by base of the applications and registrations
- Tracking **trademarks by owner**
- **Status check** of **trademarks** registered and pending **applications**
- Full list of **license agreements** and other agreements, **concluded in relation to the Russian trademarks**
- Tracking **expired trademarks** for renewal
- Watching applications by **goods and/or services** from the International Classification of Goods and Services
- Trademark **watching by customer criteria**, for example,

WATCHING WAS CONDUCTED FOR OUR CLIENTS:

- o Example 1 List of identical and similar pending applications and trademark registrations for the period of one year from priority date.
- o Example 2 List of all applications, submitted for the last 3 years by the applicants from the mentioned owner.
- o Example 3 List of license contracts, concluded by the above specified company with trademark holders for 2007-2012.
- o Example 4 Report on the market status for confectionery products, in particular, about the novelties that appeared in the previous year.

The users of the service are provided almost unlimited opportunity for making ANY report.
Cost of making report **starts from USD50**, execution period starting **from 1 day**.

Please hurry to be the first to make use of the advantages, which the online watching system provides.

4. TRADEMARK AUTOMATIC RENEWALS

Special offer for trademark owners and patent attorneys

Analytics show that only for 2012 the owners lost more than 5000 trademarks (58% of that registered in 2002, 1992, 1982 etc.), including those cases when they delayed the renewal of validity of corresponding registrations.

If you would like to see satisfied clients, optimize your own work processes, reduce costs and always maintain your trademark portfolio in updated state, then this service has been developed specially for you!

By transferring the trademark portfolio in trust of INTELSONLINE you can forget about the requirement to watch statuses, keep track of certificate validities, as all the specified actions are undertaken by us.

Validity renewal is a simple and economic procedure, while registration is costlier by many times, temporary costs for registration are considerably higher, but the result is not guaranteed.

Regular automated tracking of expiry dates of your trademarks and other titles of protection, and reminder about the requirement for renewing their registrations shall help you and your clients to be convenient.

As a consequence of ordering the service you get the list of trademarks with updated statuses and expiry dates. Moreover, we shall remind you in time about the expiry dates as and when required. You shall not lose sight of a single trademark!

To order the service, send us the request to the email address renewals@intelsonline.ru

The cost of the service is calculated individually and depends on the number of titles of protection. We have a Special Offer for holders of large portfolio of trademarks.
